

British Corner Shop

Wholesale British Food Exports

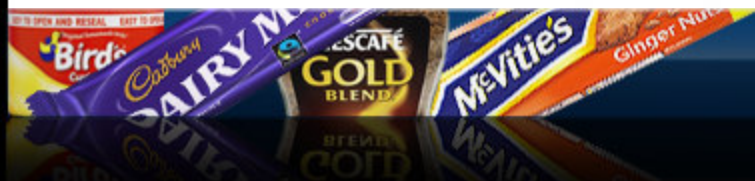

British Food Shopping
Delivered World Wide

A Brief History

- BritishCornerShop.co.uk started in 1999 as an online supermarket selling British food to British Expats, Forces and British people working abroad.
- The B2C online retail business now flourishes, with over 500,000 products shipped to customers in 120 countries last year via boxed air freight.
- The wholesale business has seen explosive growth in the last 5 years as our export capabilities have matured. B2B sales of mixed pallet and container shipments to large importers have now overtaken retail sales

Private Label

- British Corner Shop works with private label manufacturers, and can develop new own-brand products specifically for your market.
- Minimum order volumes apply over a 12 month period, and margins on such products are excellent.
- Protect the markets you develop by owning your own product lines.
